

# 2018 Realtor Partner Program

## Program Information

### Program Overview

In the interest of providing excellent customer service and programs that are directly aligned with our mission MHDC has developed the Realtor Partner Program. The Realtors under this program are trained to specifically work with MHDC clients, and loan products available from the Agency and other programs.

We have developed a tracking system that facilitates referrals from realtors so that your client remains your client as they move through our client processing system.

### Program Goals

MHDC expects to provide clients with a list of Realtors that they may contact and work with that understand affordable housing programs, financing and loan criteria.

They will be better served and with help them to find a home for purchase. MHDC will also provide the Realtor Partner List to our other clients who are ready to buy.

### PROGRAM BENEFITS - with membership

- One on one with our counselor
- Co-marketing opportunities
- Event participation priority
- Regular HBE Class participation
- Invitations to various MHDC events
